

••LEARNING•• ADVENTURES

for Grades 1 - 3

INTERACTIVE PROGRAMS AT THE ZOO

Our Pittsburgh Zoo & PPG Aquarium Education Specialists will guide your early elementary students through one of our interactive classroom programs, featuring encounters with live animals and biofacts. Learning Adventures for grades 1-3 can accommodate classrooms up to 25 students and last 45 minutes.

PROGRAMS FOR GRADES 1 - 3

Pennsylvania Pride

This class introduces students to the wonderful variety of wildlife that lives in Pennsylvania. The students will focus on animals found in their own backyards and learn that conservation begins at home.

Polar Quest

Discover how polar bears, walruses, and sea otters survive their frigid ocean habitats by exploring their unique adaptations.

Working Wild

Find out what it is like to work at the Zoo. Through small group rotations and live animal visits, your students will explore what zookeepers, veterinarians, and researchers all do for the Zoo. *This class is held in the Working Wild Classroom located within the Animal Care Center.*

It's a Jungle Out There

Students are invited on a special journey into the world's tropical rainforests. Emphasis is on both the rainforest as a habitat and on what life is like for the animals that live there.

African Adventures

The African Savanna is home to some of the largest and most unique animals on the planet. Discover how the circle of life applies to the creatures that live in this remarkable habitat.
